Dogs will love and enjoy “Bravo Premium Dog Chews”

➤ Bravo offers a large selection of natural and flavoured rawhide products for dogs. Our rawhide chews come in a wide variety of shapes and sizes. Any flavour or size can be either purchased in bulk (each bone in the box wrapped in a cigar band) or purchased individually (each bone packaged with a header card). Value packs, in different combinations are also available. All our rawhide lines are made from prime hides, carefully handcrafted and oven dried to perfection ensuring 100% customer satisfaction.

The manufacturing process

➤ Rawhide chews are produced from the tough, inner layer hide of bovine cattle. First we remove any hair, excess salts or oils. They are then rinsed in large vats, with plenty of water without any use of harmful or toxic chemicals. The hides are then cut and forwarded to the assembly lines where they are skillfully handcrafted into a variety different shapes and sizes.

➤ The factory is equipped with industrial ovens that run on clean, natural gas to guarantee a complete and thorough drying process. Unlike other companies, we do not dry our hides using diesel fuel, wood or other methods that would contaminate the product.

We maintain strict quality control measures to insure that only the finest quality chews, loved by dogs, are shipped to our customers.

Why we are different.

- : For more than 15 years, Bravo have delivered consistent quality in every shipment to the United Kingdom and the European Community.
- : We control manufacturing from start to finish. Our animal hide is only sourced from free range cattle, fed on the world's best grass feed.
- : Using only the best human grade ingredients, Bravo products are manufactured without the use of any harmful or toxic chemicals.
- : All our products are finally flavoured in our UK facility to give each line its appealing and unique aroma.
- : From start to finish, our stringent manufacturing process prevents any bacterial contamination ensuring your dog's health.
- : All our products are made to order, with excellent customer service guaranteeing 100% customer satisfaction.

Our flavouring

➤ Bravo is the market leader in the flavouring process, currently offering over a dozen different flavours including:

Natural, Vanilla, Peanut Butter, Bubble Gum, Pizza, Honey, Cheese, Smoked Bacon, Roasted Lamb, Mint and Mango.

➤ Our flavours stand out because our flavouring process is completely unique, different from any of our competitors and made to order.
