

Cheerble

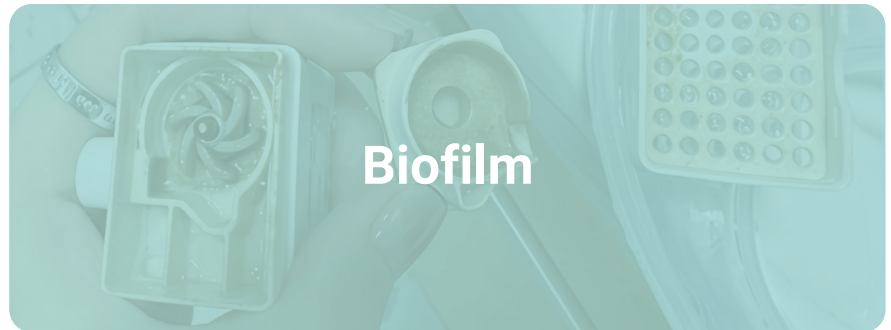

Cheerble Pet Fountain Elfin E1+

**Revolutionizing Pet Hydration
with Pumpless Design**

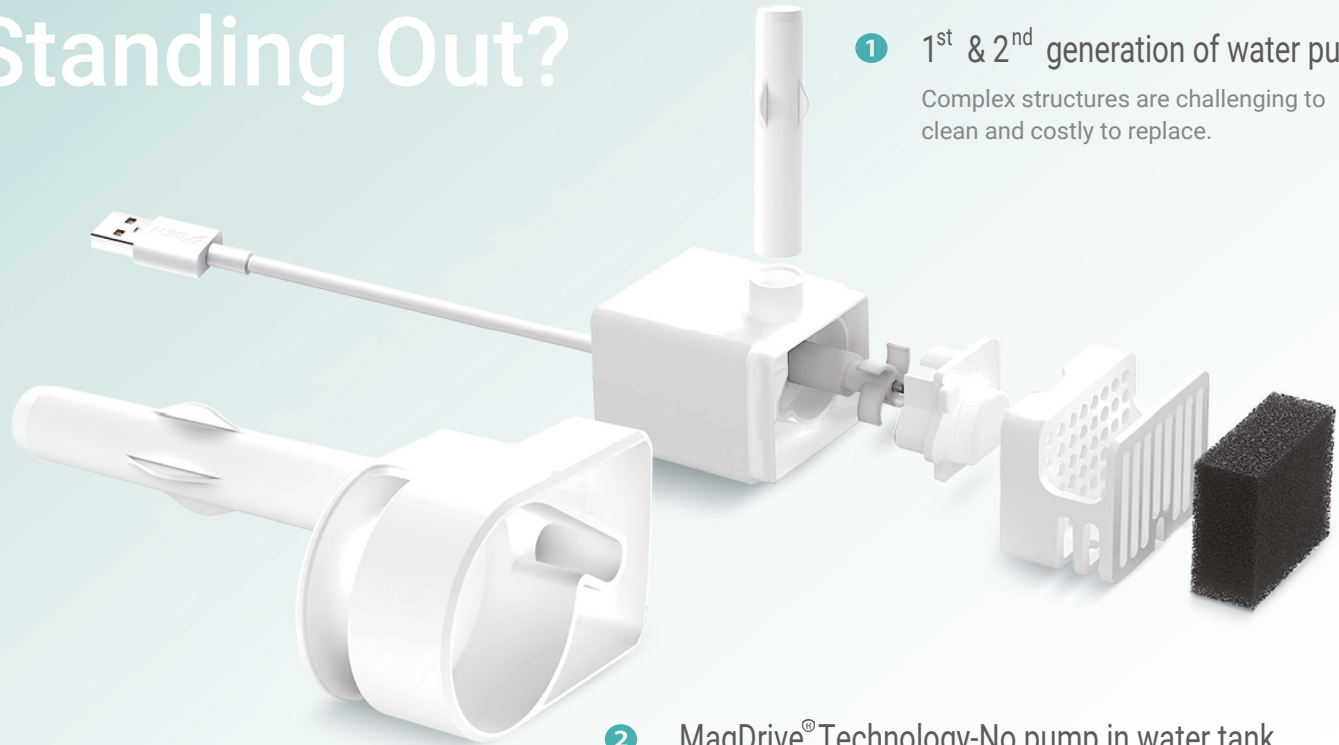

Why Your Cat Resists Drinking Water?

The Hidden Dangers of a Dirty Water Pump

What Makes E1 & E1+ Standing Out?

1 1st & 2nd generation of water pumps

Complex structures are challenging to clean and costly to replace.

2 MagDrive® Technology-No pump in water tank

No-pump design offers a simple water conduit system that is easy to clean and inexpensive to replace.

Benefit From Cheerble's MagDrive[®] Technology

No Cleaning Hassle

No Electricity Leak

No Wire Limitation

Timer Mode:

Dispenses water every 15 minutes.

Intelligent Sensing:

Detects pet condition and dispenses water through PIR infrared sensing.

Flexible Power Supply Modes

Wired or Wireless, it's your choice!
